HAMMER & ANVIL™

Fireworks Like The Good Old Days™

Hammer & Anvil™ is the newest brand of consumer fireworks that has evolved from the longest traditions of pyrotechnic entertainment.

Hammer & Anvil™ understand that shooting fireworks is a shared experience that creates memories. Regardless of who you are or how old you are fireworks bring out the child in all of us. From arriving at the fireworks store to the thrill-a-minute shooting of the fireworks with friends and family, Hammer & Anvil™ fireworks help to create the complete fireworks experience.

Hammer & Anvil™ deliver fireworks with three core goals in mind. These are:

- To build exciting fireworks
- To create eye catching firework packaging and point-of-sale designs
- To deliver super competitive prices

THE BRAND

Hammer & Anvil™ is a brand that embraces the past whilst looking to the future. The hero of our brand is George, ‘the pyro kid’. George radiates the excitement and joy that fireworks bring. He is a reminder of ‘fireworks like the good old days’, a sentiment firework sellers can bring to their stores via Hammer & Anvil™’s nostalgic and ultra modern designs.

THE PYRO BLUEPRINT

To make the consumer firework experience even more memorable Hammer & Anvil™ have created The Pyro Blueprint™. This provides a quick reference guide for the consumer to gain a better understanding of the performance of the firework. Our trademarked Pyro Blueprint™ design is fun, easy to read and understand and adds to the overall firework experience. The QR code links to a video of the firework so you can immediately see the actual performance. Try it here on the pages of this catalog!

BACK TO THE FUTURE meets **NATIONAL TREASURE**

500 GRAM CAKE

Firework Americana™ presents THE STAND

The steady stream of customers always approach with smiles on their faces. Drawn by the colorful banners flaring on the usually vacant lot, they arrive equipped with an eagerness tinged with expectation. One certainty is that they never leave disappointed. ‘What’s new?’; ‘Take a look at that!’; ‘OK, let’s get some more!’.

There was something special about this annual pilgrimage taken with friends, family, neighbors and new friends alike. Together preparing for the shared experience that elicits in equal parts excitement, wonder and awe. Brought together by The Stand.

APOLLO 13 meets **FIELD OF DREAMS**

500 GRAM CAKE

Fireworks Americana™ presents MASTER & APPRENTICE

Summer was coming. Days by the river with friends would beckon for some. Usually up to mischief. Laughing. Running home as the sun disappeared over the mountains. For others the anticipation of the interstate road trip left them giddy with excitement. And then there were the few for whom long days laboring in the sun prepping the night's entertainment was all they dreamed of.

When your job is your passion you do not mind the hard work. It is your apprenticeship and you learn. He learned from a master, however he didn't call him that. He just called him dad.

 YANKEE DOODLE DANDY meets INDEPENDENCE DAY

500 GRAM CAKE

Fireworks Americana™ presents
THE FOURTH

The birds arise early
 Sing the day has begun
 Flags hoisted a'high
 Flush with morn's warm sun

The neighborhood stirs
 To a crisp clear blue sky
 The excitement starts mounting
 It's the Fourth of July!

A festive day onward
 Dusk's countdown's begun
 Fireworks at the ready
 Friends and kin wait as one

Then whistles and crackles
 And willows and flares
 Fountains and cascades
 And mouth gaping stares

There's smiles all round
 Illuminations on high
 It doesn't get better
 Than the Fourth of July

 THE GREATEST SHOWMAN meets OLD SCHOOL

500 GRAM CAKE

Firework Americana™ presents
THE SHOWMEN

Months of work and planning went in to preparing for the performance. And that's what it was- a performance whose essence intersected art, science, and craft. But these creators were not scientists in lab coats, or artists with fancy flair. They were artisans who worked equal parts with their hands, generations-old knowledge, and their intuition. And all with the goal to bring people, all people, together in celebration and wonderment.

In their eyes the show was never perfect, despite the rapturous applause. There was always something to improve. And it was this motivation that is probably the biggest gift the showmen passed down to the generations to come.

500 GRAM CAKE

200 GRAM CAKE CATEGORY

200 GRAM CAKE

Celebrate [sel-uh-breyt] verb: to observe a day or commemorate an event with ceremonies or festivities

We mark important events for many different reasons and in many different ways. We celebrate grand achievements with pomp and circumstance and small wins with humble gratification. We laud completing a major project with ribbons and balloons and take satisfaction in completing a hard day's work with friends and colleagues. We launch spectacular fireworks for thousands on the 4th of July and enjoy sparklers on a birthday cake with family.

We celebrate because we are human. We celebrate because it brings us together as one.

 Packing: 4/4/6
 CBM: 0.084

RELOADABLE SHELL

Fireworks Americana™ presents THE CRAFTSMAN

His fireworks had a style that was instantly recognizable to fellow builders. What was his secret? Was it the way he spiked his shells, the degree of tension with each draw of the string? Did he have a special knot that held the strings' tension better? What was that secret ingredient in his formulas? Or was it in the precision placement of every star? Whatever it was the looping symmetry of each burst coupled with the shimmering trails of sparks was proof that as a craftsman he was a master and like a true master he always left his mark.

PRELOADED MORTARS HAMMER & ANVIL™'S NEWEST INNOVATION IN SHELLS

The Hammer & Anvil™ Sawed-Off™ Preloaded Mortars are the newest innovation in the 2023 range and marks a new direction in consumer shell development. Whilst Preloaded Mortars are not a new category, the Hammer & Anvil™ Sawed-Off™ Preloaded Mortars incorporate a Mine to Shell effect in a short, or 'sawed-off', launch tube.

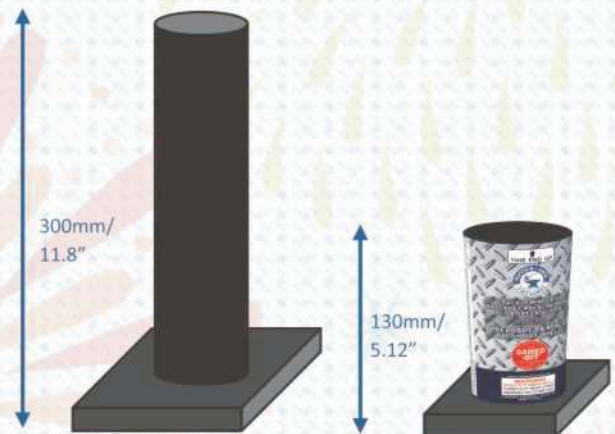

THESE SHELLS ARE PRELOADED AND READY TO SHOOT!

The advantages to the consumer are:

- NO RELOADING OF SHELLS
- SAFER SHOOTING EXPERIENCE

The advantages to the wholesaler and retailer are:

- SIGNIFICANTLY LESS SHIPPING SPACE
- SHIPPING COST SAVINGS
- REDUCES REQUIRED WAREHOUSE SPACE
- ALLOWS FOR MORE PRODUCT ON THE STORE SHELF

Height of typical
4" to 6" Reloadable Shell
Launch Tube

Height of Hammer &
Anvil™ Sawed-Off™
Preloaded Mortars

All of this leads to SAVINGS for the WHOLESALER,
RETAILER and CONSUMER.

The Hammer & Anvil™ Sawed-Off™ Preloaded Mortars come in 30MM/1.2", 37MM/1.5" and 45MM/1.8" models. These are Max. Powder, Full Powder Cannister Shells that have the bonus of a Mine with each shot.
